

Gable Pro: a branded portal for your contractors.

Orders at contractor pricing, delivery tracking, job site payments, and client quoting with markups.

FROM CONTRACTOR TO COUNTER

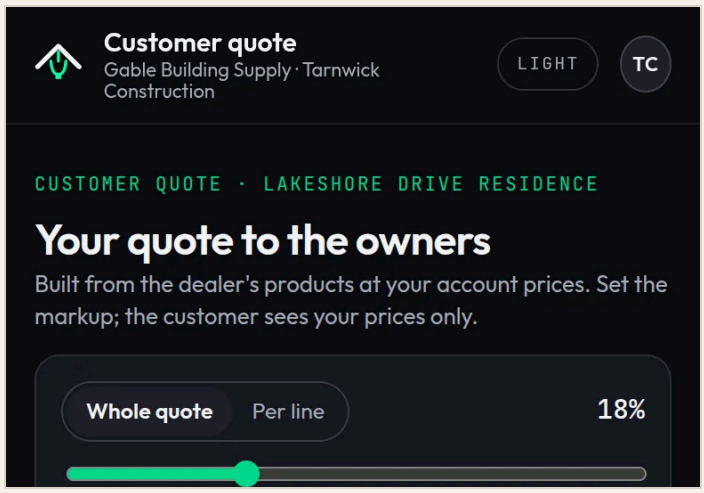

01
Quote with markup
The contractor prices materials with their own markup.

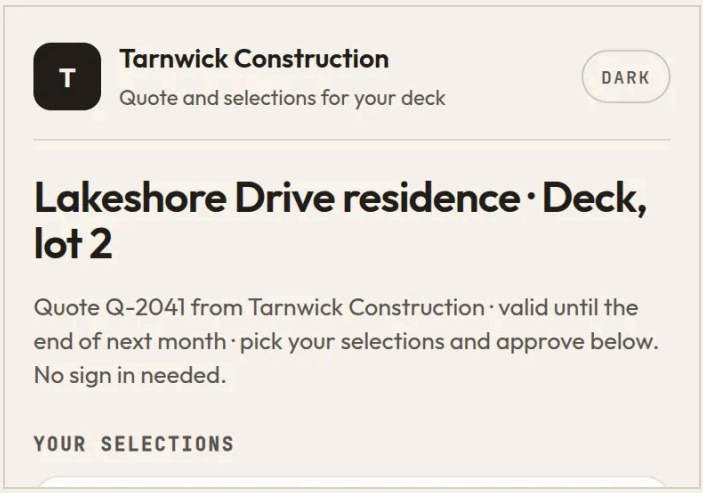

02
Client approval
The homeowner approves selections on a mobile link.

03
Job confirmation
The contractor confirms the order with one tap.

04
Counter order
Lands in your order queue; the markup stays private.

05
Updates
Status for the contractor and the dealer as it changes.

Account pricing	Contract, level and promotional pricing.
Delivery tracking	The run schedule, driver notes and proof of delivery.
Field payments	Statements and paying invoices by job.
Special orders	Request quotes on custom items from the job site.
Selection approvals	The homeowner's sign off travels with the order.
Part of Gable	Part of Gable itself, nothing to sync.
